

Financial
Aid

APPLY BY:
21 November
2022

Do you owe student fees? HAVE IT PAID OFF FOR YOU!

Opportunity for recent graduates to be free of student debt

If you completed your undergraduate degree in the faculties of Engineering, Data Science, Information Technology or Finance in 2019, 2020 or 2021 and have outstanding student debt, you may qualify to have this debt settled through the Feenix Graduate Bursary Programme.

Feenix is a Public Benefit Organisation (not-for-profit) that connects university students who owe outstanding fees with funder communities, so graduates can proceed with life, debt free. The Feenix team and its community believe in the potential of youth, and that access to education should not depend on wealth. Feenix is committed to relieving the financial burden of recent graduates, so they can reach their potential.

WHO CAN APPLY?

- South African citizens
- 35 years old or younger
- Students must have completed their degree in 2019, 2020 or 2021
- Students must have outstanding student debt
- Completed undergraduate degree at one of the 26 Public South African universities (unfortunately no postgraduate degrees or diplomas)
- Students in the following fields of study:
 - Engineering
 - Data Science
 - Information Technology
 - Finance/Commerce
- Students who are NOT registered for further studies in 2022
- Students looking to get their degree so they can seek employment
- Students with family household income under R600 000 per annum (under R850k per annum if a student with a disability)
- If you are a student with a disability, please include a medical letter stating the nature of your disability.
